Consider some of these hot tour ideas:

Controversial American History (Only Victors write History books) or “The lies we were all taught in School” Most early American History was created and did not happen as portrayed in the history books. These tours are designed for people of all ages and can be adapted to schools, families, or seniors. These tours will promote discussion and will relate past events to current events.

Our Taste of New York programs are designed to experience the full flavor of New York as you sightsee through the city. These tours entice all of the senses. We start with a traditional bagel and lox, visit the gourmet food stores on the upper West Side, sample appetizers in Chinatown, walk through Little Italy, walk through the old Jewish quarter and sample deli, enjoy pastry on the lower east side. People rave that they have never experienced New York in such a fun way.

Medieval Banquet “Treason in the Court”

We have commissioned a theater production company to produce an original Murder Mystery combined with a medieval banquet. The music is mostly original combined with favorites to tie together a theme. We have negotiated blocks of rooms to fit all budgets. Why not come to southern NH for an inexpensive winter getaway.

Chocolate Wine & Lobster

The ultimate pursuit of decadence. We start off with a visit to one of NH premiere Chocolate manufactures will you will learn the history of chocolate, dip fruit in a chocolate fountain and taste chocolate from around the world. We do wine tasting at a local winery followed by a lobster lunch. Can be added to any tour in NH.

Hub & Spoke Tours

The days of packing and unpacking every night are over. Stay in one hotel and do daily day trips. Southern NH is perfect for this type of tour. We are an hour to Boston, an hour to the Coast, an hour to the Mountains. Our six night hub and spoke tour based in Merrimack is our most popular fall foliage tour. Book your dates early before all of the prime dates are sold out. Manchester is a great gateway if you are flying and the hotel is right off of the Highway with plenty of motorcoach parking if coming by coach. It is also popular to add a stop in Cape Cod either before or after the trip.

New York New England Tours

One of the most popular tours of the year has been our New York New England tour. We spend three nights in New York getting the feel for the excitement of New York. We then continue up the Hudson Valley for atop and visit to West Point, The Culinary Institute Hyde Park and then on to New England. We hub and spoke out of Southern NH featuring, the Maine Lighthouses, the scenery of Vermont, the Mountains of NH and the City of Boston. These tours can be customized to meet the needs of your travelers.

We can quote net rates, commissionable rates, and include any number of comps you want built into the package. Let our tour planners know if you need comp singles, doubles, or no comps at all. Advise us if you are sending your own escort or want the package operated with our tour directors under your name. Let us know if you want to share a departure with another group to insure the departure.. We will include welcome baskets with your business card in every room on our New England Tours at no charge to you.
